Abstract

Lord Prof. PhD Momtchil Dobrev-Halachev and Prof. Mariola Garibova-DObreva developed in 2006, "Theory of degree of democracy" and "Theory of degree of justice/injustice/" based on their practice in court, prosecutor's office, state. Since 2003, Prof. Momchil Dobrev has been creating the Theory of Corruption, "Theory of the Mafia, "Theory of Mafiaism", "Financial Banking Resource Technological Mafiosoted Materialism" and based on their practice they prove that in Bulgaria there is rule of law and that the Mafia rules as the court, the prosecutor's office, the state in Bulgaria. Prince Lord Prof. Momchil Dobrev in relation to his fight with this mafia even after 9 attempts to kill him and his family since 2011, he will continue to fight this mafia.

Key Words: Genocide, Law, Mafia, Corruption, Theory, Finance.

1. Introduction

Lord Prof. PhD Momtchil Dobrev-Halachev and Prof. Mariola Garibova-Dobrev developed in 2006, "Theory of degree of democracy" and "Theory of degree of justice/injustice/" based on their practice in court, prosecutor's office, state and especially the practice of Prof. Mariola Garibova-Dobrev as a judge for dozens of years experience as such as a civil and criminal judge and Prof. Momchil Dobrev participated as an observer of various types of elections. Prof. Momchil Dobrev created in 2001, Theory of Corruption and Theory of the Mafia and Theory and Practice of Mafiaism, which contribute to clearing the Theory of the degree of democracy.

In the year 2001, Lord Prof. Momtchil DObrev developed the Theory of the mafia and Theory of corruption. All the two theories have been developed by analyzing the mafia and the corruption all over the world. In Bulgaria, Germany, European Union, and other countries. In the year 2010, Lord Prof. Momtchil Dobrev developed the

"Theory of Mafiotismus" as a new type of government oriented only and only in the private interests of private individuals and private institutions.

The fight against the mafia and corruption in Bulgaria in Private Judicial Enforcement after its formation in 2006 and the corresponding signals to the European Commission and the European Union do not give results because the mafia is at the highest state and European level and does what it wants. This mafia holds the courts, the prosecutor's office and all kinds of government institutions and the latter carry out its orders. Even after the 9 attempts to kill Prince Lord Prof. Momchil Dobrev after 2011 for his fight against this mafia, the fight will not stop, as Professor Zivko Stalev says - "A state without the rule of law is a form of organized crime!!"

1.1 Introduce the Problem

The problem with the mafia and corruption in Bulgaria and in the European Union and the European Commission is huge. We have repeatedly applied evidence of the scale of this mafia. The basis of this mafia and corruption in Bulgaria and the European Union and the European Commission, Lord Prof. Momchil Dobrev established in 2001. "Mafia Theory" and "Corruption Theory" with all its manifestations. Based on these theories, Lord Prof. Momchil Dobrev also defines the formula of the mafia, the formula of corruption. Based on these processes, Lord Prof. Momchil Dobrev also created the Theory and Practice of Mafitiism, defining a formula for mafia, how it works, how it is organized, in whose interests it works at its expense.

Corruption and the mafia in a country destroy democracy, freedoms, human rights, the rule of law. As a result Lord Prof. Momchil Dobrev and Lady Prof. Mاريوal Garibova-Dobreva also created "Theory of the Degree of Democracy" and "Theory of the Degree of Justice / Injustice" as well as "Theory of Socio-Humanism" - a society that excludes the shortcomings of neoliberalism, globalism, wild market economy, and creates the foundations of a New Human Society based on completely different principles, as well as economic and social, managerial and others.

As a result of the struggle of Lord Prof. Momchil Dobrev against corruption and the mafia in Bulgaria and the European Union and the European Commission since 2011. Lord Prof. Momchil Dobrev experienced 9 / nine / attempts to assassinate him and his relatives.

3. The mafiotization of the court system of Bulgaria and the support of this mafia by the European Union and the Commission and the USA with Presidents Obama, Trump, Joe Biden

Bulgaria- the mafia has its country

European Commission and USA- the mafia has its allies country- the USA, which supports the mafia in Bulgaria!

Illuminati financier: "Give me control of the central bank of a country and I would not care who rules that country!"

Mafia politician Agent of State Security and Foreign Intelligence- USA and others: "Give me the office and the management of the court and prosecutor in one country and i don't care who rules and i will legalize any crime!!"

Professor Zivko Stalev- "A state without the rule of law is a form of organized crime!!"

Sofia City Court Judge Vladimir Valkov / in a court hearing on a case in Sofia City Court: "Mr. Dobrev, Bulgarian judges are not responsible for their judicial acts!!!!"

Corruption and the mafia in the court in Bulgaria has become the norm in Bulgaria and it is supported by the European Commission and Union and the USA, which means that the mafia has conquered the EC and the EU and the USA. That the prime minister appoints the chief prosecutor has become the Norm. It's clear why! Even if there are crimes by the executive power, the Minister's man - President Boyko Borisov should not bring charges against his ministers and against him. It is not by chance that Prosecutor Kokinov declares to Minister President Boyko Borisov that Chief Prosecutor Sotir Tsatsarov - "You did it!!" Sotir Tsatsarov's successor is now his favorite Ivan Geshev, who investigated ministers and the minister chairman Boyko Borisov for records and others! That the prosecutor's office does not bring charges against ministers and prime ministers and statesmen has become Norm - law.

It is a Norm for Chairmen of the Supreme Court of Cassation and the Supreme Administrative Court to be appointed people close to the executive power - in the specific case of Prime Minister Boyko Borisov. This is how Georgi Kolev, a criminal judge from the Sofia City Court who graduated from the School of the Ministry of Internal Affairs, was appointed as the chairman of the Supreme Administrative Court. A judge who was only and only a criminal judge, what does he understand by administrative proceedings and who, even after his replacement by Judge Cholakov as the Chairman of the Supreme Administrative Court, Judge Kolev remains as the Supreme Administrative Judge, without appearing for a competition for supreme administrative judge.

This is the same when in 2012 the chairman of the Supreme Court of Cassation, Prof. Lazar Gruev, proposed as his deputy - the chairman of the Sofia District Court, judge Krasimir Vlahov. The same judge Vlahov who as deputy The President arbitrary appoints judges to each case although an electronic random selection system exists. That appointing specific supreme judges for specific court cases is a crime that has been committed by him for more than 7 /seven years. And as a cover of the lawlessness in the Supreme Court OF Cassation judge Krasimir Vlahov since 2012. Acts acts as supreme judge without having ever participated in a competition for supreme judge, after consultation with the Supreme Judicial Council. Or like the appointment of judge Alexey Trifonov as chairman of the Sofia City Court, who has no proven Bulgarian citizenship and Eroden in Russia, and within the legal period of 6 months, his parents in the Conscious Union did not request that he receive Bulgarian citizenship.

This is the mafia in the Bulgarian Court- the largest court- Sofia City Court, to be ruled by a judge who does not have Bulgarian citizenship and who has the support of the chairman of the Movement for Rights and Freedoms party, with honorary chairman Ahmet Dogan, who in the distant 1992 gave a list of Bulgarian spies to the USA, Turkey, and in one night tens hundreds of Bulgarian spies in Turkey and other countries were slaughtered. As it was, a person from the mafia is elected for the second term as chairman of the Sofia Court of Appeals, and this is the court that legalizes the crimes of the judges of the Sofia City Court, for theft of property, legalizes the crimes committed by judges, prosecutors, people and companies of the mafia. And to top it off, the Supreme Court of Cassation only confirms these crimes, these legalizations of theft, of crimes, theft of property, by people of the mafia, theft of property by oligars- "former agents of state security.

During socialism, it was impossible to appoint policemen who graduated from the school of the Ministry of Internal Affairs and took part in special courses on civil and criminal law and attributing to them a completed education- "Lawyer", as prosecutors and judges. This is exactly where the process of replacement of the lawyers appointed during socialism takes place in 1993, where the salaries of judges and prosecutors appointed during socialism are purposely kept low and the replacement of these judges with judges of the mafia, who are appointed with protections, begins competitions, no exams. In violation, even appointed judges from the mafia jump ranks and instead of 5 years to become a district judge to a city judge, for some judges of the mafia this happens in months, judges who serve the mafia and carry out orders of the mafia grow in career instantly and quickly. The appointment of junior judges and junior prosecutors takes place after an agreement at meetings of politicians with presidents of the Supreme Court of Cassation and the Supreme Administrative Court that they will be elected only then if they carry out mafia orders. This agreement is made before each contest. Another mafia practice in the court is the transfer of judges from courts 450 kilometers away from the capital Sofia to Sofia District Court and Sofia City Court. Judges are appointed from Varna, Burgas, Dobrich, and other courts 500-550 kilometers away from the capital Sofia in courts in Sofia.

3.1. The mafiotization of the judicial system- a retrospect

It all started in the years 1991-1993. Deliberately, during these years of galloping inflation, rising prices of goods and services, an avalanche-like increase in prices, services, the salaries of judges and prosecutors, who were appointed during socialism, were deliberately not raised. In this way, people who have acquired neutrality and legality are intended to leave the profession of judges and prosecutors, just to support their families. That's how it happens- honest, principled, moral, dignified, non-corrupted judges and prosecutors in the first wave, 1994-1994, left the judicial system, the second wave was in 1997-1998, the years of bank bankruptcies, 3000 percent interest rates, currency crisis, economic crisis, refusal of payment of foreign debt.

After these two waves, the appointment of the judges and prosecutors of the mafia and of various mafia groups, which currently belong to 4-6 mafia groups in Bulgaria. It really mixes the legislative with the parliamentary authority, the power of the powerful, laws are passed that serve the mafia and lawlessness, laws are accepted that legalize the crimes of mafia people.

Corruption has become the norm. The mafia has become the norm. There is no rule of law. there is no leading role of the law. It has full control and management of estestevinet human rights. There is no justice in the court system. The judges can write themselves any decisions and nobody can punish them even for the complete absurdance that proves the execution of their orders. There is no separation of state powers. The judiciary is controlled and managed by the mafia. There is no judicial control of the illegality of the judicial acts of judges. There is no judicial review for the constitutional reasonableness of the laws. There is no judicial control over the absurd decisions of the mafia judges. There is no judicial protection of citizens' rights. There is legalization of the crimes of people from the mafia and of the mafia itself. There is a violation of the sovereignty of law, justice. There is no guarantee of the rule of law. There is no legal regulation. This leads to a state of lawlessness - of the mafia. Compliance with all individual legal entities is not guaranteed. The judicial system and the state does not act against the law, but against The orders and legalization of the mafia. The judiciary is subject to party interests

3.2. Evidence of the mafiotization of the court in Bulgaria

Evidence of mafia in Bulgaria in court and prosecutor's office

There is a very rapid improvement in the financial situation of judges and prosecutors. This happens in just three or four years. Judges and prosecutors buy housing with loans from banks, just to cover up their extra income as judges - mostly unproven. The proof of the existence of corrupt practices and the receipt of sub-cases by judges is the fact that in just two or three years judges and prosecutors repay the loans taken by banking institutions for the purchase of their apartments. An analysis of income proves that it is practically impossible with their income as judges or prosecutors to pay their mortgages to banking institutions in just two or three years.

The struggle over who will become a judge or prosecutor in Bulgaria is the size of the skin. On the contrary, in Western countries, young people prefer to gain experience and become lawyers, and only after solving their material needs do they turn to the judicial profession. It is even a concrete fact that judges in the Western countries become persons with many years of experience as lawyers and at the age of 40-50. There are cases of acquiring property for millions of leva as prosecutors owning property for millions, judges from the Supreme Court of Cassation, the Sofia City Court, criminal judges in just two or three years acquire studios for 130,000 euros, then become chairmen of the Specialized Courts. Corruption and the mafia in the country must be investigated, not just criminal groups.

Judicial practice is that: According to a survey, up to 89 percent of cases are bought. There are cases when the judge himself asks for money from the parties. And which party gave more money in favor of that country is decided and the corresponding decision.

According to a study, judges want bribes as follows:

- 28% in person
- 33% of relatives and friends
- 19% through other magistrates
- 29% by answering
- Only 2% no answer.

It is common practice for a magistrate in court to have a relative lawyer through whom the bribery is negotiated. It is also a common corrupt practice that whole families are judges in the courts. For example, Judges Neychevi - a family in the Sofia City Court, Judge Valkov and - a judge in the Sofia City Court, his wife, a judge in the SCC. Judges in the Supreme Court of Cassation - whole families, relatives, friends. Corruption is an element of the judiciary. Among prosecutors, 33% openly told a lawyer about informal talks to clarify the amount of the bribe. Judicial officers sought 43% to seek faction with the help of lawyers. In 78% of cases, lawyers received hints of money and services. 99% of the lawyers are aware of the schemes with the mechanisms, the ways of the corrupt practice.

In examinations and anonymous examinations, how much and in what way and how often do judges take bribes, regardless of the amount and type of results:

- Very often- 13%
- Often- 16.8%
- Not very often- 13.2%
- Rarely- 16.4%
- Never- 3%

4. The neoliberal neo-fascist mafia norm of lawlessness and genocide of law among the judges who serve the mafia in Bulgaria and the Inaction and support of this mafia from the USA and the European Union and the European Commission with Presidents Barroso, Jean Claude Juncker and Ursula von der Leyen and former Chancellor Angela Merkel of Germany

The norm is the incompetence of the judges - judges Albena Boteva, Liubka Golakova, Vladimir Valkov, Rayna Martinova, Chekhlarov. The Supreme Judicial Council and the Inspectorate To the Supreme Judicial Council is the protection and support and guarantee of this mafia in court and prosecutor's office. The very system of the Supreme Judicial Council, in which judges and prosecutors are elected by the mafia, thus concretizes the crimes of their colleagues. The Inspectorate at the Supreme Judicial Council has been illegit for more than two years since the mandate of all inspectors ended more than two years ago they. All the acts of these inspectors- former judges and procurators are illegal and really crimes. Disrespect and non-enforcement of laws by judges and prosecutors is the norm. It is the norm for a judge to determine himself under which law the case should be filed, and not according to the interest of the plaintiff- citizens or company, so he can then dismiss the case- i.e. there is a change of the right, change of the law.

The judge does what he want with the case- if there is an order to stop it, it stops it by legalizing crimes committed by judges, by mafia people and mafia companies. Corruption of judges is the norm. It is the norm for judges to own properties worth millions without being able to prove that they purchased them with their salary- the same and only with the salary- as Judge Russi Aleksiev acquired properties worth millions in Sofia, Greece- a house, and has a claim for 295,000 euros- interesting from what receivables. The norm is that the ministers of justice do not fulfill their duties when there is evidence of lawlessness of judges and prosecutors under Art. 312 of the Law on the Judiciary and to request their dismissal from the Supreme Judicial Council - these are ministers Hristo Ivanov, Pavlova, Tsetska Tsacheva, Ekaterina Zaharieva, Danail Kirilov, Ahladova, Prof. Yanaki Stoilov, Nadezhda Yordanova, Krum Zarkov.

Norm is that court presidents protect their judges and do not fulfill art. 312 of the Law on the Judiciary and nobody wants their disciplinary punishment, let alone dismissal from the Supreme Judicial Council - such are the presidents Metodi Lalov, Alexei Trifonov- Sofia City Court, Svelin Mihailov and Georgi Kolev- SGS, Daniela Doncheva- Sofia Court of Appeal, Lausanne Panov- Supreme Court of Cassation, Prof. Lazar Gruev - Supreme Court of Cassation, Alexander Angelov- President of the Sofia District Court, Judge Lozan Panov- President of the Supreme Court of Cassation, President Plamen Petkov- President of the Sofia District Court, All presidents of the courts.

The norm is the abuse of judicial power by mafia judges. Violation of citizens' freedoms and rights is the norm. These are the norms of neo-liberal neo-fascism in the judicial system in Bulgaria. And as a cover - this entire mafia in the judicial system is maximally supported by the European Commission and the European Union with presidents Baroso, Junker, Ursula Von Der Leyen and by the USA with presidents Obama, Trump and Joe Biden. The mafia has a country. The mafia in the European Commission and the European Union has copies in Bulgaria who carry out everything they order. There is no system of sanctions against guilty judges.

A norm of bias and prejudice and fulfilling the order of the mafia is when a judge who has recused himself in dozens of cases of the MD, in a case he must lose, refuses to recuse himself in the case and issues a decision by which he loses the case. In the specific case, almost all judges of the Sofia Appellate Court from the civil and commercial collegium have given their opinions on his cases when they were in the Sofia City Court. And they have done this dozens, if not more - hundreds of times.

Such are the judges- Albena Alexandrova, Sonya Naydenova, Stella Katsarova, Juliana Petkova, Denitsa Tsvetkova, Rozinela Yancheva, Ralitsa D., Elena Mavrova, Dragomiv Dragnev- already in the Supreme Court- and he follows the scheme of the mafia, Reni Kodjabasheva, Hrispime Magardichyan, Eric Vasilev- already in the Supreme Court and he follows the scheme of the mafia, because of him I lost- due to the termination of a case for 250,000 euros of stolen money, Maria Yanachkova, Zornitsa Ezekieva, Haidukova, Tsvetomira Kordolovska, Lyubomir Vasilev, Krasimir Mashev, Olga Kadankova, Milen Vasilev, Anelia Markova, Elizabeth Petrovaa, Nikolai Dimov, Zlatka Choleva, Velina Peychinova, Pepa Toneva, Elena Andreeva, Tanya Oresharova, Galina Tasheva, Nina Stoycheva, Daniela Doncheva, Krasimir Mazgalov, Asen Vodenicharov- who closed a case for BGN 112 million without a court hearing , Miroslava Katsarska, Petar Teodosiev, Jacqueline Komitova, Nikola Chompalov and dozens of others.

If we were in socialism, these judges would be not only fired immediately. The bad thing is that the prosecutors of Sotir Tsatsarov and Geshev have opened an Umbrella to the judges of the mafia, they do not take any measures and legal actions. If this is not order fulfillment, it cannot be anything else!! The Sofia Court of Appeal headed by judge Daniela Doncheva and the Supreme Court of Cassation headed by its president judge Lozan Panov are the legislators of the mafia. Any lawlessness in the SGS by the great and brilliant judges Albena Boteva, Vladimir Valkov. Elitsa Yordanova, Rayna Martinova, Liubka Golakova, is legalized- confirmed. Thefts of companies, of equipment worth millions are legalized, thefts of property are legalized. The scheme implemented by the Sofia Appellate Court headed by judge Daniela Doncheva- SAS sends by jurisdiction with defendants whose addresses are in the city of Sofia- to the Kyustendil District Court, or the Kyustendil District Court and the last- although all courts from kos have given appeals on our cases- the cases are terminated.

Cases for the theft of gaming machines and bingo equipment worth ten millions by the judge of SGS Mollova and Hristo Mollov, have been dismissed in the Kyustendil District Court. Cases for property worth hundreds of millions of Euros, stolen by Emil Kylev from the heirs of the owners of the insurance companies, have been disclosed in Kyustendil District Court, and this is a case by Judge Joneva with paid state fees for the property at Tsar Osvoditel Blvd. No. 6- the former building of the DZI- property of the heirs of an insurance company illegally stolen by Emil Kyulev and company with a 11,690 sq.m. built-up area. In the Kyustendil District Court, the case for the building in the center of Sofia on Sveta Sofia Street, owned by the heirs of an insurance company, robbed by Donev's company- a four-story building with the right to build a 9-floor property for 15 million euros, has been dismissed.

In the Kyustendil District Court, cases against the Ministry of the Interior, the National Revenue Agency, and other institutions have been closed. In general, it is an interesting fact that all judges from the Kyustendils district court have multiple properties and all of them have 2-3 properties in the city of Sofia - maybe for the fulfillment of the mafia's order against me and my family, they will be guaranteed to be brought up in SAS, YA in VKS. It is the norm for the minister President Boyko Borisov to appoint his own judges as presidents such as the criminal judge Georgi Kolev being nominated to president of the Supreme Administrative Court, which legitimized the crimes and injustice of the executive power, of the Ministries, Prime Ministers and others from the executive power, state companies.

It is norm for the president minister to appoint his own president of the Supreme Court of Cassation and as chairman of the Supreme Administrative Court. The norm is the execution of orders by judges- non-fulfillment of laws, violation of laws, disregard of laws, non-application of laws, deliberate mistreatment of laws, rights, freedoms, evidence. It is the norm to legalize the theft of private property for the benefit of the Sofia Municipality in gross violation of the laws of this country with the ultimate goal of a private person losing his hereditary property in the center of Sofia- the value of which is over 1.5 million euros due to his investment value. The norm is how the courts legalize the theft of equipment, machines and equipment for millions of BGN. It is norm for judges to legalize the theft of an entire factory and cause loss to the owner with a share- shares of over 41%. It is the norm for the judge to legitimize the theft of property through judges for zero cents and it is "donated to a person by a group. It is norm for judges to legitimize violation of the law by the Decision of the Council of Ministers to grant a concession on private land for 35 years with the ultimate goal of stealing this land - an appetizing piece around Sofia of over 4100 decares of Ivan Geshev. It is the norm for judges to legalize the theft of land mass of more than 2.9 million cubic meters of land mass from private property for the construction of the "Northern Tangent of Sofia"- theft worth more than 70,000,000 BGN.- inaction of the prosecutors of Tsatsarov and Ivan Geshev.

It is the norm for judges to legitimize the theft of an entire company with a debt to an American firm for over 150 billion BGN according to accounting expertise - inaction by Minister Boyko Borisov, Ministers, Prosecutors of Tsatsarov and Ivan Geshev. IT is the norm for judges to legalize the theft of slot machines by a judge from the SGS and her brother - a lawyer from the prosecutor's office and the prosecutors of Filchev, Doctor Velchev, Tsatsarovi and Geshev. It is the norm for judges to issue acts for a partial claim of 2,500 BGN, provided that the claim is for 11,862 BGN, and practically with this they block the way to appeal their decision before the Supreme Court of Justice - Judge Vladimir Valkov. The norm is a judge - How do judges issue acts for partial claims of 1,800 BGN, provided that such a claim has not been filed and a claim for 3,280 BGN has been filed. The norm is a judge - How do judges pass acts for a partial claim of 400 BGN, provided that the claim is for 19,000 BGN, and with that they practically block the way to appeal their act before the Supreme Court - Judge Vladimir Valkov.

Norm is - How even when the defendant admits that he "took" equipment worth tens of thousands of US dollars, which is not his property, and clear violations by the prosecutor's office and the NRA are proven, the judges legalize this "taken equipment"- judge Vladimir Valkov. Norm is- How even with the undisputed evidence that the defendant pawned someone else's equipment - not his own for millions of BGN and that the bank gave him a loan, there is no real "appropriation- theft" of equipment worth millions of BGN. Norm- How provided that there

is a directive that the monopoly for postal services fell in 2010. as a state monopoly, on the basis of a directive of the European Commission, dozens of judges terminate the bankruptcy cases of Bulgarian Post for liabilities of billions of BGN, because it is supposedly a monopolist! Norm is- How, on the condition that there is evidence of property ownership with equity participation, a valid court decision, actual proven ownership, the judges legalize theft of property in favor of the Metropolitan Municipality- the inaction of the Prosecutors Nva Filchev, Of Associate. B. Velchev, of Tsatsarov and of Ivan Geshev.

Norm E- How does it legalize the theft of property from the capital municipality through a Judge's Decision on property that must be returned to the heirs by restitution- losses for millions. Inaction of the prosecutors of Tsatsarov and Geshev from the specialized prosecutor's office. Norm E When the judge does not respect the law, knowingly changes the content of the law, knowingly wrongly implements the law, knowingly does not quote the law, knowingly wrongly treats the law, knowingly wrongly mixes laws, knowingly wrongly replaces laws, knowingly renders a decision without reasons, knowingly wrongly treats indisputable evidence. Norm when the judge deliberately does not even comment on indisputable written evidence. Rule when the judge knowingly does not execute an effective court decision.

The norm is when the judge knowingly issues a decision that is retroactive to an already entered court decision with the same subject matter, for example- judges Lyubka Golakova, Aleksandar Angelov and Svetlana Atanasova in the case of 7033/2012 dated 12.11.2018- contrary to the court decision entered into force in city case 53552/2016 dated 16.11.2016. of Judge Daniela Stoeva, Judge Milena Kamenova in city case 69421/2018 and SRS dated 12.01.2020. even though they have been notified of the entry into force of a court decision. Losses of US\$ 11 million.

Norm when the judge deliberately does not apply the law because the defendant is his fellow judge- judge Vladimir Valkov. The norm is when the judge deliberately does not respect the rulings of other institutions, the NRA, the prosecutor's office for proven facts and circumstances that have entered into force. Norm E when the judge orders the expert not to respect the law and not comply with an effective decision. Example judge Gergana Nedeva. in city case 31714/2.... The expert does not comply with the entered into force court decision of the Supreme Court of Appeal from 2010. and performs an examination ordered by the judge. Rule E when the judge does not comply with an already entered into force court decision, which is binding on him, in relation to the subject of the present case. Norm is when the judge doesn't even mention any attached written evidence, he doesn't even discuss it in his decision, there are no reasons, not a single evidence is discussed- at most written 19/. evidence, the testimony of the witnesses, which are objective and impartial, are not discussed - they are not even mentioned, Example Judge Raina Martinova in city case 1919/2016 Decision of 03.01.2019. and a case in which the claim was reduced by BGN 9,900 each and Judge Raina Martinova knowingly did not send the case under the jurisdiction of the SRS- clearly in the executed order.

Norm E when the judge supports and assists the defendant by helping him with what actions to perform, what to object to, what to appeal and dispute. The norm is when the judge supports and assists the defendant by giving him rights that are excluded from the law- judge Vladimir Valkov in a case against 10868/2010 against the Insurer advises the defendant to repudiate and dispute documents, judges Tahchieva. Norm is when the judge deliberately does not allow you evidence that concerns the subject of the case. Norm when the judge knowingly denies rights to a party as required by law. The norm is when the judge deliberately changes the legal basis- judges Albena Boteva, Liubka Golakova, Ivaylo Dimitrov, Vilen Stanchev, Vladimir Valkov, Rayna Martinova. The norm is when the judge knowingly exempts a party from paying a state fee when the party belongs to the mafia- in this case the Kremikovtzi case in a case in which a state fee of over 1.3 million BGN is due- judge Evgeni Georgiev exempts and judge Albena Boteva confirms these actions- in a civil case.

The norm is when a judge knowingly replaces security- seizure of the defendant's property on a claim for 350,000 BGN against a security deposit by the defendant for the sum of BGN 5,000, as the managers of this company repeatedly state that they pay judges to lose themselves cases against them- case- Ruling of 23.03.2018 in city case 10535/2017 SGS 1 - 18 panel of Judge Raina, by which the same is zeminal the allowed security-

seizure of property of the defendant- construction company with a ruling of 04.03.2013. in city case 60534/21012 of the SRS with a pledge on the amount of 5000 / five thousand/ BGN and canceled the foreclosure on the real estate owned by the defendant and this determination confirmed by the SAC under cgrd. 2960/2018 of 23.07.2018 Judges Neli Kutzkova, Diana Koledzhikova and Dimitar Mirchev, as well as Neli Kutzkova and Dimitar Mirchev, have challenged each other in the case of Momchil Dobrev- guaranteed loss of over BGN 350,000 / three hundred and fifty thousand / BGN without interest.

Norm is when a request under Art. 410 of the Civil Procedure Code for the issuance of a writ of execution against the company Kremikovtsi for the sums of 34,615 and 2,367,542 BGN, heard by judge Svetlin Velkov Mihailov - then the chairman of the SGS, the cases disappear and the corresponding writs of execution for the respective amounts are not issued. Norm E when objections to unaccepted receivables in case 95/2007 of the SGS disappear - fees for millions of BGN and an obligation in the amount of BGN 4,200,000 to a company from the debtor "Kremikovtsi"- losses of over 14 million BGN without interest. The norm is when judges deliberately close cases against companies of mafia people who are proud of this for more than 10 / ten / years that they pay judges, prosecutors, in cash and when there are cases, inspections and others against them, with perfect evidence for that- a judge. judge Ivo Vatev Vatev civil case case 70844/2018 of the SRS– 127 panel of the SRS confirmed by ruling No. 9943 dated 29.06.2020 under Chgrd. 8594/2019 of judges Vladimir Valkov, Eelitsa Yordanova, Alexander Angelov- SGS and even Momchil Dobrev was fined by Valkov with 50 BGN. even more so since Valkov and Angelov have challenged each other dozens of times in the case of MD.

The norm is when judges from the Supreme Administrative Court legitimize a crime to the Council of Ministers and the Ministry of Economy and Energy, in April 2010, they granted a private property of concession for 35 years to a company with the obvious purpose of stolening this property, for which the property is the property of the Boshtina Boshtina Bojbo Kobirov stated in 2008. that they are his lands and he will build a neighborhood for the richest. According to administrative case 4696/2014, department 4 of the Supreme Administrative Court, judges Galina Matejska, judge Todor Petrov and judge Svetoslav Slavov show bias towards the Council of Ministers and the Ministry of Energy, by legalizing the illegality of the council of ministers which in 2010 gave land - private ownership of a private company concession with the clear and undisputed goal to be stolen of private lands and instead of all the indisputable evidence in the case, your judges write that it is not about private lands and they wrote that it is about municipal lands , which does not correspond to the truth and real fraud.\- also confirmed by the judges of you under adm. Case 7677/2014- Judge Yordan Konstantinov, Judge Fani Naydenova, Judge Marusya Dimitrova, Judge Blagovesta Lipcheva and Judge Stefka Kemalova confirm with ruling No. 8212 of 18.06.2018. according to the inventory of the Supreme Administrative Court, decision No. 4120 of 29.03.2019. in administrative case 4696/2018 of the Supreme Court.

It is the norm when a judge uses his official position for repression - example - judge Rayna Martinova and other judges. Judge Raina Martinova from the State Administrative Court, how in case 8310/2015 according to the inventory of the State Administrative Court with ruling No. 28155 dated 05.12.2018:

- HEM disregards MD'S request for her dismissal, HEM exempts MD from paying the state tax of 10,000 / ten thousand/ BGN ,, HEL instructs MD to provide proof of payment of state tax in the benefit of SGS in the amount of 10 000 / ten thousand/ BGN as default the amount will be collected by force - threat - extortion racket.

- HEM leaveS MD'S request to change the claim without respect - for it is reduced below BGN 10,000, HEM returns my claim request.

I.e. M. D. in case of closed case, returned claim is ordered to pay to SGS the amount of 10,000 / ten thousand/ BGN. And the scheme of the mafia at the higher instance is attempted to confirm the definition, the order of the previous instance. The judges of the Sofia Court of Appeal do the same.

Judges Diana Koledzhikova, Kamelia Parvanova and Dimitar Mirchev with Decision No. 1766 dated 04/02/2019. according to hgrd. 332/2019 according to the inventory of the SAS they disregarded my complaint against decision No. 28155 dated 05.12.2018. of SGS and actually confirmed decision No. 28155 of 05.12.2018. of judge Raina Petrova Martinova from the mafia in SGSE And then the decision of the SAC is confirmed by the

judges of the Supreme Court. Judges Svetla Tsacheva, Alexander Tsonev and Philip Vladimirov with Decision No. 318 dated 07/08/2019. according to hgrd. 2408/2019 have confirmed the order of 14.05.2019. according to cgrd 332/2019 of the SAS, as the judges of the SAS previously DIAN. Repression as sayed by the judges of the Supreme Court of Cassation, who told me 3-4 years ago that it was being carried out against me, is legal - as a punishment.

The norm is when judges from the SGS issue a court decision for sums of 2500 BGN, and the real claims are partial and for the sums of 11582 BGN, which practically deliberately interrupts and terminates our rights to appeal the decision of the judges from the SGS According to vgrd 11664 /2013 of the Sofia City Court, the judges, Vladimir Grigorov Valkov, under reg. 11664/2013 of the Sofia City Court, judges Vladimir Grigorov Valkov, Alexander Velinov Angelov and Ml. Judge Svetoslav Tikhomirov Spasenov with his decision of 17.05.2019. issue a decision by which they legalize the proven by the prosecution, the NRA- Losses for BGN 11,582 with the corresponding interest from 2009. over 135 percent, Foregone benefits and profits for over BGN 1,350,000 / one million three hundred and fifty, By Vgrd. 82/2010- Go- 2 - panel of the Sofia City Court, judges Vladimir Valkov, Judge Elitsa Yordanova and Judge Raina Martinova, instead of a partial claim in the amount of 3050 BGN, issued a decision for the sum of 1800 BGN by Decision dated 07.08.2019. I.e. there was no such claim for 1,800 BGN but 3,050 BGN, and a supreme petition is pronounced- i.e. made a decision knowingly not on the claims and members of the Civil Code, in V.Gr. case 792/2009- 1 GO- 2- "B" panel according to the inventory of the Sofia City Court Judge Vladimir Valkov, Judge Alexander Angelov and Jr. Judge Svetlana Atanasova Although the documents in the case that the claims against the two defendants- one of which is DSK Bank - are two of BGN 14,275 / fourteen thousand two hundred seventy-five and BGN 23,312 and respectively two of BGN 18,312 / eighteen thousand three hundred and twelve / BGN- unfounded enrichment, and there is no ruling really on these claims, they issue their decision and cite claims of 4,275 BGN and 8,312 BGN., with and reject our claims, as your goal was to prevent an appeal before the Supreme Court.

The rule of bias and bias and doing the order of the mafia is when judges rule the cases of an individual and the companies represented by them and when they consciously do not rule the cases that the individual should lose at the order of the mafia. The judge knowingly, instead of giving an appeal, refuses to give an appeal and gives a decision dismissing the claims and causing losses.

Example for Judge Vladimir Valkov:

Judge Vladimir Grigorov Valkov, although the same judge has had his own rejection in the following cases of Momchil Dobrev - example: GR. cases in SGS GR. case 648/2011, GR.D. 528/2011, GR.D. 517/2011, GR.D. 3477/2011, GR.D. 3476/2011, GR.D. 3231/2011, GR.D. 5352/2011, GR.D. 13869/2010, GR.D. 14843/2010, GR.D. 2218/2011, GR.D. 2219/2011, GR. case 2217/2011, GRD. 925/2011, GR.D. 926/2011., and dozens of other cases litigated by Momchil Dobrev and the companies represented by him, the same using his official position, refuses to represent the cases which Momchil Dobrev and the companies represented by him should lose in following the order of the mafia which we were warned about.,the same one using his office.

- And terminates a bankruptcy case for losses caused for 460 million euros of a company close to the mafia and even fines M.D. without a court hearing twice for 300 BGN, for nothing.
- Terminates a bankruptcy case against debtors of M.D. who owes him 900,000 euros without interest, despite all fees being paid, and fines M.D. with a fine of BGN 300 without a single court hearing.
- Decides on a case for "stolen equipment" proved by the prosecutor and the NRA and confirmed by the defendant that she took this equipment and even it is still there and has been used by her since 1996. in her service station – losses of over 1.4 million BGN.
- Issuing a decision in a case in which a company that is not the owner of two presses for the production of roof tiles worth over 4 million German marks, bet it against money in DSK Bank for millions of BGN, caused losses for millions of BGN.
- Decides on real "stolen and unpaid" of M.D.'s company. his company equipment for two restaurants for hundreds of thousands of BGN.

- Issued dozens of rulings confirming terminated cases in the SRS of M.D. and the companies represented by him.

Example judge Alexander Emilov Angelov:

Who has appealed dozens of times in cases led by Momchil Dobrev Dobrev and companies represented by him when he was a junior judge in the Supreme Court, and when he returns as a judge in the Supreme Court dismisses Momchil Dobrev's cases, and as a judge in the Supreme Court issues acts - contrary to a decision that has already entered into force, issues acts to legalize the purchase of equipment owned by Momchil Dobrev's companies and dozens of others. Who has given himself dozens of rejects in cases brought by MG as early as 2011, when he was a junior judge in the Sofia City Court, as a judge in the SRS terminated MG's case- for a property in the center of Sofia on Maria Luiza Blvd. - on 6 floors e shops, market value 4 million euros. The same decree terminates the case. More with Resolved from 07.02.2013. judge Alexander Emilov Angelov together with judges Malin Vasilev and Genika Mihailova legalize the theft of 50/100 ID parts from a property in the center of Sofia for the benefit of the capital municipality, and again the property was donated by Mariola Garibova, the reason being that the apartments were sold before 1989. nt hereditary house they also own the land under them, and in reality these 50/100 id.parts co-legislate in favor of the capital municipality.

The norm of prejudice, passion and fulfillment of an order is when judges of the second and third instance, for example, the Sofia Court of Appeal and the Supreme Court of Cassation, who have given each other dozens-thousands of times of appeals in the cases presented by Momchil Dobrev and the companies represented by him when the same were judges in Sofia City Court. In cases initiated in the SAC or Supreme Court, with the plaintiff MD and companies represented by him, instead of representing themselves, they put acts- confirm the acts of the court before them- which either terminate the cases, return the claim, or remain without respect for a given request and request. This is evidence of the mafia in court- the judges on order of the mafia confirm the acts of the court below, in compliance with the order. All absurdness and lawlessness are confirmed. Norm is in a criminal case when the judge deliberately does not admit evidence of the defense that is relevant to the accusation and supports one of the parties.

Example: judges Stoitsev and Vanya Goranova from SRS do not allow a reference from the Raiffeisenbank bank- whether on May 24, 2001 and May 24, 2003 there were withdrawals of money and korko, said by the witnesses. And it is notoriously known that the bank branches do not work on these dates- it is a holiday. Momchil Dobrev was convicted by both judges, after which he was acquitted at the second and third instance. Judges Stoitsev and Vanya Goranova deliberately do not allow the requested reference.

It is norm when judges who have recused themselves in dozens of cases of one person and beyond once in cases in which they have to recuse themselves, refuse to recuse themselves and make decisions that disregard the claims of the defendants or confirm the first instance decisions that reject the claims of M D. This ordering practice is available from the judges of the SGS, the judges of the SRS, the judges of the SAC and the judges of the Supreme Court, for example:

The norm of prejudice, passion and fulfillment of orders is when Judge Alexander Angelov, who, although he gave his opinion in Mariola Garibova's case back in 2011. as a junior judge in the SGS, issued decisions legalizing the theft of heritage property for restitution in the center of Sofia 386 sq.m. property of MG in favor of stolichna municipality.

Judge Alexander Angelov, as a judge in the SRS, terminates the case of the MG for the restoration of the restitution of an entire building on Maria Luisa Blvd. on 5 floors with a shop, with an attached sketch, tax assessment and fees paid, since the building was actually robbed by the capital municipality- with a mayor Boyko Borisov and then under Mayor Fadakova, deeds for municipal property were issued- and on the condition that judge Alexander Angelov has given his opinions in Mariola Garibova's case when he was a junior judge of the Sofia City Court - losses of 5 million euros and lost profits and profits €350,000 per year.

The norm of passion and implementation of the order of the mafia is when judges from the Supreme Court of Cassation break the law to cause losses of hundreds of billions of Euros for and implement the order of the executive authority, of ministers, of the minister-president. We submitted to the Supreme Court of Justice, Ministers of Justice, Boyko Borisov, Ministers Moskovski, Tsvetkov and others indisputable evidence that judges from the Supreme Court of Cassation- Tanya Raikovska, Daria Prodanova, Totka Kalcheva, Nikola Hitrov, Eleonora Chanacheva, Emil Markov from the Supreme Court- the judges from Glozhenska, Bozhikov, Spasov from the Plovdiv Court of Appeal grossly violate Bulgarian and European laws, knowingly violating the mandatory directive 2008/6/EU of the European Union and the European Commission from 01.01.2010. according to which from 01.01.2011 the state company "Bulgarian Post" - EAD does not have a monopoly on its activities, and the same monopoly was canceled on January 1, 2011. and actually caused losses of a particularly large amount, fulfilling an order of the executive power.

The same judges allowed themselves in case 519/2012 of the Supreme Court, in case 798/2011, case 689/2011 of the Appellate Court of Plovdiv, in case 3765/2013 to confirm the termination of the bankruptcy case of the company "Bulgarian Post"-EAD for its liability in the amount of more than 50,000,000,000 / fifty billion/ euros, and in fact, apart from violating the laws, they caused the above huge loss performed solely and only for the benefit of the state mafia, for the benefit of criminal actions of ministers, executive officers of the state company "Bulgarian Posts"-EAD.

Moreover, that the judges of the Supreme Court have passed a decision that proves a violation of the law, because as of 01.01.2011. "Bulgarian Posts"-EAD does not have a monopoly over its activities, and the same monopoly has been abolished as of January 1, 2011. Separately, in accordance with the European Union directive, which is mandatory from 01.01.2010. The monopoly of the "Bulgarian Posts" company has been aboved. This directive is mandatory for all Bulgarian judges.

Norm E Judges of the Supreme Administrative Court under adm. Case 4696/2014 instead of terminating the illegal concession given on 04.06.2010. by the Council of Ministers with Prime Minister Boyko Borisov- private land of the concessionaire "Celsian" they wrote that this land is municipal property, although it has been proven that the land since 2008 is privately owned by the companies "Goldman" OOD and "Goldberg Group" OOD. \$5 billion in losses- failed investments. The norm is the judges of the Supreme Administrative Court and the Sofia City Administrative Court support the mafia of the Capital Municipality and the municipalities of the Capital Municipality in determining- Arbitrarily- not lawfully the tax assessments of properties. It lost more than 120 million euros.

Norm is the mafia in the Supreme Court of Cassation and its management and managers such as deputy. The chairman Krasimir Vlahov, elected in 2012 by the Supreme Judicial Council on the proposal of the chairman of the Supreme Court of Cassation Prof. Lazar Gruev, as deputy chairman of the Supreme Court of Cassation, did not participate in a competition for promotion to the Supreme Court of Cassation. He was appointed by the Decision of the Supreme Court of Appeal under Protocol No. 14/05.04.2012. for "deputy of the administrative head - deputy - chairman" of the Supreme Court of Cassation on the proposal of the chairman of the court. Judge Krasimir Vlahov / now constitution judge /, as Deputy President of the Supreme Court of Cassation, appointed judges for various cases with his orders, not using the mandatory system for random selection of judges for cases in the Supreme Court of Cassation.

This is mafia evidence and order carrying - precisely defined cases to be tried by precisely determined judges by the mafia. Since 2012, the judge Krasimir Vlahov has issued decisions / determinations, which is in violation. I.e. the above proves that all judicial acts signed by judge Krasimir Vlahov are null and void - i.e. from 2012, as he has never in any way participated in a competition for a judge in the Supreme Court and was not selected in such a competition for a judge by the Supreme Court.

5. In reality, the theft of property, of mafia companies, the theft of property for the benefit of third parties is legalized in the Supreme Court, the theft of property carried out by judges from the SAS for the benefit of third parties is confirmed, repression is legalized- the repression of Rayna Martinova confirmed by the judges of the Supreme Court, cited above

In reality, the Supreme Court legalizes the termination of all cases for the thefts of an Emil Kyulev - apparently in compliance with the orders of the mafia. Realon, in the Supreme Court, all terminations of cases ordered by the mafia and terminated at the first instance in SRS, SGS, KOS, VOS, MES, Vidin District Court and other courts are legalized.

Norm as a fulfillment of the mafia's order is the disappearance of cases against Unicredit Bulbank for the disappearance of 15 million USD in one bank account. The norm as a fulfillment of the mafia's order is the disappearance of DLA against banks - UBB for millions of euros. The norm as a fulfillment of the MOBA order is the disappearance and termination of liens against insurance companies, beneficially owned by western companies. Mafia rule in court and dismissal schemes, evidence orders enforced and enforced by judges in favor of party to state, third parties and others. Criminal lawlessness, orders, repression, racket, coercion?!?!?! The norm is the mafiotization of the court for the benefit of judges, schemes and evidence for termination of lawsuits in SRS on claims with which judges attributed crimes, accused M.D. of a committed crime that he did not commit. The conclusion- the Bulgarian judges can write all things to themselves- to accuse you, to slander you, to ascribe you with crimes, which you did not commit, to slander you- there is no justice- there is no justice- there is no law for them.

The norm is for judges to legalize theft of heritage properties and their legalization in favor of the capital municipality - decision of judges Milen Vassilev, Alexander E. Angelov Genika A. Mihailova from 2011 which legalizes the theft of inherited property from - land by the heirs for the benefit of capital municipality Decision of 07.02.2013. confirmed by the judges Zhanin Sidareva, Margarita Sokolova and Galabina Gencheva of the Supreme Court of Justice from 22.10.2013.

The norm is the support of mafiotism by the presidents of the SGS - Aleksey Trifonov, the former SGS chairman Kaloyan Topalov, the SAC chairman- judge Daniela Doncheva, the chairman of the Supreme Court- judge Lozan Panov, the chairman of the Supreme Court- judge. Cholakov- their inaction regarding their obligations under Art. 312 of the Civil Code to demand disciplinary punishment and dismissal of guilty judges from their courts. Norm is the realization of the repression and criminal lawlessness of the judges Rayna Martinova, Vladimir Valkov, Svetlin Mikhailov, Albena Boteva and other judges from the Supreme Court, Diana Koledzhikova, Kamelia Parvanova and Dimitar Mirchev, judge Nellie Kutskova, from the SAS, judges from the Supreme Court Svetla Tsacheva, Alexander Tsonev and Filip Vladimirov in cases with plaintiff Momchil Dobrev and companies represented by him.

1. When the judge doesn't even mention any attached written testimony, he doesn't even discuss them in his decision, there are no reasons, not one evidence is discussed - mostly written. Evidence, the testimony of the witnesses, which are objective and impartial, have not been discussed - they are not even mentioned, Example Judge Raina Martinova in civil case 1919/2016 Decision of 03.01.2019. and a case in which the claim was reduced by BGN 9,900 each and Judge Raina Martinova knowingly did not send the case under the jurisdiction of the SRC - clearly in fulfillment of the order. Decides against Momchil Dobrev.
2. When a request under Art. 410 of the Code of Civil Procedure for the issuance of a writ of execution against the company Kremikovtzi for the sums of 34,615 and 2,367,542 BGN, heard by judge Svetlin Velkov Mihailov - then the chairman of the SGS, the cases disappear and the corresponding writs of execution for the respective amounts are not issued.
3. When a judge uses his official position for repression

The norm is the payment of inherited properties owned by "Dobrev Halachev Dynasty" and respectively "Dynasty Dobrev Halachev" for 400 million Euros through judges, prosecutors, general prosecutors, and the legalization of these thefts. Norm is the legalization of the thefts of the oligarch Emil Kyulev, Donev and other oligarchs from the State Security and properties for hundreds of millions of Euros for zero cents in the center of Sofia, real property of the heirs of the former insurance companies before 1947?!?!. The inaction of the prosecutors of the chief prosecutors Associate Professor Filchev, Associate Professor B. Vechlev, Chief Prosecutor Sotir Tsatsarov and Chief Prosecutor Ivan Geshev, such as prosecutors Boyan Balev, Mariyana Tankova, Popkolev, Nina Yaneva and dozens of other prosecutors - Openat Chadar, Dvoen and triple standard in prosecuting proven crimes of people from the mafia. The inaction of the prosecutors and the chief prosecutor Doc Filchev of the Chief Prosecutor Sotir Tsatsarova of the chief prosecutor Ivan Geshev and their prosecutors Boyana Balev, Mariyana Stankova and dozens of others from the Sofia City Prosecutor's Office to prove thefts for zero cents of properties worth over 500 million euros based on issued for zero pennies a note. Acts of Emil Külev from notaries R. Dimitrov and co., and stolen heirs of insurance companies - stolen property in the center of Sofia for 500 million euros. Despite dozens of reports about the illegal actions of the mayor of Sofia 2007 and the inaction of mayor Fandakova, who does not want and does not want to enforce the judicial decision of the Supreme Administrative Court, according to which the properties cited below are owned by the heirs of the former insurance companies before 1944. "Farmer", "Balkan", "Balkan-life" and others in the center of Sofia, Positano St. No. 1 three floor house with shops, Sveta Sofia St. No. 10- three floor house with shops, Tsar Osvoboditel Blvd. 6 - a building with the Expanded Built-up payment over 11,500 sq.m. Maria Luiza Blvd. No. 75- 77- five-story building, Bergalnitsa 39 two houses and dozens of other properties., and actually Mayor Fandakova refuses to take possession of these our legally owned properties, and instead does repairs and announces a public sale on these properties and wants to sell them to third parties- despite the decision of the supreme administrative court, even the Mayor Fandakova and rided a municipal notary act of properties that are not the property of the Stockholm Municipality but of the heirs of the owners of the former prior to 1945. insurance companies. With the objective to be robbed these properties from persons and companies close to GERB. Losses for more than 500,000,000 euros in value of our properties, 70,000,000 euros- caused lost benefits and profits, 5 million BGN caused non-property damages - ruined health.

The norm is the legalization of theft of inherited properties through decisions of judges from Sofia District Court and Sofia City Court- judges Vladimir Valkov, Maria Boycheva, Desislava Yordanova, judge Mariyana Georgieva, judge Alexander Emilov Angelov, serving the mafia- with decision dated 02.09.2019. of judges Vladimir Valkov, Maria Boycheva and Jr. Judge Desislava Yordanova of the Sofia City Court under vgrd 10481/2009 really legalizes the "Theft" of property in favor of the Municipality of Stolichna- privately owned property. Norm is termination of cases on the 500 million euro estates in support of the mafia- missing cases since 2009, robbed by Oligarch Emil Kyulev for zero cents- a building with 11,690 sq.m. large built-up area, 5-storey building, 3-storey building, 4-storey building in the ideal center of Sofia.

6. The neoliberal neo-fascist mafia norm of lawlessness and genocide of law among the prosecutors who serve the mafia in Bulgaria and the Inaction and support of this mafia by the USA, the European Union and the European Commission with Presidents Barroso, Jean Claude Juncker and Ursula von der Leyen and former Chancellor Angela Merkel of Germany

That the prosecutor's office does not bring charges against ministers and prime ministers and statesmen has become norm- law. It has become the norm for the prosecutor's office to raise fabricated charges against dissidents and fighters against the mafia and corruption in the administration of Prime Minister Boyko Borisov, and even attempts are made to kill these dissidents in Arresta. Public procurement under the Prime Minister Boyko Borisov is a satanic norm of corruption and mafia. The norm is that at least 30% of the price of public procurements for European projects and any other national and other projects goes to commissions, for the mafia. It is even the norm that these percentages are negotiated and signed by a notary with a notary close to the mafia.

It is a norm to give a state project to a company close to the Prime Minister and his entourage, which will be accounted for accordingly. It is a norm that the prosecutors of Filchev, Assoc. Boris Velchev, Tsatsarov and Geshev do not bring charges for the theft of properties from the oligarchs Emil Külev, Donev- properties that belong to the heirs of insurance companies before 1944. Not to implement articles of the Constitution and corresponding repeal of acts. It is a norm that the prosecutors of Tsatsarov and Geshev and they personally do not bring charges for the theft of land mass over 2.9 million cubic meters of land mass from private land, with which land mass was built the North Tangent Tsatsarov and Geshev personally notified, and for the lack of Minister Chairman Boyko Borisov- involved in this.

It is norm that the prosecutors of Filchev, Assoc. Boris Velchev, Sotir Tsatsarov and Ivan Geshev has drawn Tsadar over an obsession and theft of gaming machines by the former Sofia City Court judge Yordanka Borisova Mollova and her lawyer brother- the former receiver of "Balkan Airlines" Hristo Mollov- if protocols are available, 2006. and 2008 of found not their gaming machines and bingo equipment I 745,000 BGN in their property- and caused losses of over 29 million BGN- not to bring charges. Norm is from 2008. not to file charges against Private Bailiff Dichev for embezzlement, Private Bailiff Yakimov for embezzlement, Private Bailiff Ivan Cholakov for fraud and theft of hundreds of thousands of euros from a creditor, and dozens of other Private Bailiffs who violated the law. Norm is the double standard in the prosecution.

However, what does the chief prosecutor Ivan Geshev say at the meeting of the prosecutors in the Boyana residence:

" Now I will tell you why we are "mafia". We are "Mafia" because we brought light into the darkness, because we showed that we will not allow double standards- as it has been for decades..."

The prosecutor's office of the chief prosecutor Sotir Tsatsarov and the chief prosecutor Ivan Geshev as a tool for concealment, stretching a triumvirate over the PSI from the mafia who committed crimes. It is norm for prosecutors to raise an umbrella over proven crimes by Private Bailiffs of the mafia such as Chsi Dichev, Chsi Stoyan Yakimov, Chsi Ivan Cholakov and dozens of others. It is norm for prosecutors to tighten their grip on defaults by Private Bailiffs. SIs from the mafia, - amended protocol for public sale and replacement of a person who did not pay a deposit to earn the sale. It is norm for prosecutors to put a blanket over the PSI - from the mafia, which for more than a year has not provided a contact regime for a father with his son, because the mother is a judge and sent their common son to 280 miles away from Sofia. It is norm for prosecutors to raise an umbrella over the Mafia's Public Prosecutor's Office, which for ten years did not provide a contact regime for a father with his son.

It is norm for prosecutors to extend the umbrella of the PSI about the mafia, which transfers BGN 712,000 from the special account of another PSI, without having the rights and authorizations for this of another PSI. It is norm for prosecutors to extend the umbrella of the Public Prosecutor's Office, who is from the mafia, who returns BGN 700,000 to a buyer who bought a property at a fake public sale, and who receives the property without money. It is norm for prosecutors to put a lid on the PSI, which has unjustly enriched itself and embezzled money from a debtor. The norm is for prosecutors to extend an umbrella over a state bailiff who has embezzled money from a debtor twice the amount owed by the debtor. Norm is a prosecutor to extend an umbrella over PSI who is from the mafia. Norm is a prosecutor to extend an umbrella over the PSI senior state bailiff, who was an agent of State Security. Norm is a prosecutor to extend an umbrella over PSI from the mafia for more than 15 years for the embezzlement of hundreds of thousands of euros.

Norm is a prosecutor to extend an umbrella over the PSI from the mafia, which confiscates property from debtors to companies that are not debtors and causes losses of over 3 million euros. It is norm for prosecutors to bring charges against CSO Cholakov from the mafia, who stole more than BGN 700,000 from a creditor in a system. It is norm for prosecutors to extend an umbrella over the PSI from the mafia, which with death threats and threats from bandits makes a creditor sign documents with which the creditor will be robbed of hundreds of thousands of euros of his money. It is norm for prosecutors to extend an umbrella over the PSI from the mafia, which threatens extortionists and steals their money- hundreds of thousands of euros. It is norm for prosecutors

to extend the umbrella of the PSI from a mobster who initiated an enforcement case based on fraud and illegally issued a writ of execution for millions of euros. Norm is a prosecutor to delay the initiation of pre-trial proceedings against PSI from the mafia, which has embezzled hundreds of thousands of euros, for more than 13 years. Norm is a prosecutor to refuse to initiate pre-trial proceedings against the ČSII and a lawyer and a money thief as an organized criminal group for stealing hundreds of thousands of euros from a creditor.

The norm is prosecutors and the entire prosecutor's office of the chief prosecutor Sotir Tsatsarov and the chief prosecutor Ivan Geshev, not to disenfranchise the PSI from the mafia who, despite being banned, carry out commercial activities. Norm is prosecutors and the entire prosecutor's office of the chief Prosecutor Sotir Tsatsarov and the chief prosecutor Ivan Geshev, not to deprive the PSI of their rights- from the mafia that carries out commercial activities and gives money on credit to claimants with the ultimate goal of robbing them. The norm is prosecutors and the entire prosecutor's office of the chief Prosecutor Sotir Tsatsarov and the chief prosecutor Ivan Geshev, to refuse to initiate pre-trial proceedings against the ČSI from the mafia, who prepared a fake seal of another ČSI and stamped a decree for awarding which entered the looting of property for millions of euros.

Kremikovtsi sold them to third parties on 02.11.2007. and 09.09.2007 despite the foreclosure of the properties- i.e. there is a proven crime by the employees of Kremikovtsi, but for these prosecutors it is not a crime- that of "Kremikovtsi". The norm is when the prosecutor deliberately does not cite the law, when the prosecutor deliberately mistreats the law, prosecutor Stankova, Dimitrova, Yaneva mix old Code of Criminal Procedure with new Code of Criminal Procedure, when the prosecutor knowingly wrongly mixes laws- same as above- prosecutor Yaneva mixes old Code of Criminal Procedure with new Code of Civil Procedure, when prosecutor knowingly erroneously replaces and adds laws. It is the norm for inspectors and ministers of justice not to induce any disciplinary proceedings against PEAs from the mafia PEA Dichev, PEA Yakimov, PEA Bizinski, PEA Tsacheva, PEA Stefan Petrov, PEA Alexander Dachev and dozens of others.

7.3. Ministry of justice as a body of repression against honest PSI based on complaints and reports from people close to the mafia

Ministry of Justice as a repressive neo-liberal neo-fascist body to institute disciplinary proceedings against PSI without any violations in order to punish and deprive them of rights. The ministry that prepares false reports and initiates disciplinary proceedings against the PEA, provided that in the complaints of the individuals from the mafia not even one enforcement deleo is cited, according to which there are violations.

First Option- scheme of the order of the mafia PEA Dichev and the council of the Chamber of ChSI: for repression through the prosecutor's office and prosecutors of the mafia under the chief prosecutors Sotir Tsatsarov, associate professor Boris Velchev and Ivan Geshev.

1. Signal from the PSI Dichev The Council of the Chamber of the PEA to the Prosecutor's Office - to the Chief Prosecutor Sotir Tsatsarov, to the Chief Prosecutor Associate Professor Boris Velchev and to the prosecutors personal acquaintances of the PEA Dichev - Prosecutor Mariyana Stankova, Prosecutor Boyan Balev, Prosecutor Ochev Prosecutor Tsankov, Prosecutor Nina Yaneva and dozens of other prosecutors, into whose offices SI Dichev enters without hindrance whenever he wants and wants.
2. A prosecutor serving the mafia initiates criminal proceedings against the innocent immediately, even just on a signal, without any written evidence, without any written evidence. The goal is to get a criminal case in court, and then have a precisely designated judge serving the mob convict the judge and disclose him totally as a private Bailiff.
3. The journalist Valya Ahchieva makes a television show on Bulgarian National Television and broadcasts it, using the lies and slanders spread by politicians such as Ivo Savov, Vandova, Vladimirova and others from the National Police - policemen who are from the mafia and serve the orders of the mafia.
4. A journalist from the mafia publishes in a weekly or daily newspaper these lies again, for example in the banker newspaper, and other newspapers

The purpose of destroying human lives.

Second Option - through complaints by subsidiary persons against a certain PEA, a disciplinary case should be instituted against him, with which he will be deprived of rights.

1. PEA Dichev makes people- claimants or debtors in enforcement cases with removal remarks Private Bailiff to write complaints against the certain ČSI. Faithful friends of PEA Dichev, such as Krasimir Mollov and others, are used as complainants.
2. After that, a report is prepared- a fraud, a document with false content and with lies and incorrect data, and based on this report, which is not provided to the sanctioned ISI, the Council of the Chamber of the National Institute of Internal Affairs and Communications with the chairman of the Institute of Internal Affairs and Communications PEA Dichev and Ivan Hadjiivanov makes a decision to form of a disciplinary case with a penalty of disqualification as a Private Bailiff.

Third Option- through a complaint to the ministry of Justice and using the inspectors who serve the mafia.

1. Filing a complaint report to the Ministry of Justice- to the inspectors who serve the mafia and have personal contact and relationship with PEA Dichev.
2. From there, on the basis of lies and slanders, a disciplinary case is requested against the designated PSI in the Chamber of PSI with the corresponding punishment.
3. Then, through the mafia connections in the Supreme Court of Cassation, the Supreme Court judges confirm the sentence.

Fourth Option– Repression through the National Revenue Agency for audits.

1. The Chairman of the Chamber of PEA Dichev sued with false documents and real lies and slanders The National Revenue Agency sued them for unreal things, on the basis of which the mafia in the NRA, with which ČSI Dichev has direct contact, formed audits against the ČSI targeted for repression and their entire families and all relatives.

The ultimate goal- Preparation of an audit report by the National Revenue Agency, with which they oblige the designated PSI to pay real "Undue Taxes" in hundreds of BGN.

Fifth Option- multiple unreal appeals by fake persons with the purpose of punishment of the defended PSI to many punishments, in order to finally demand the deprivation of the defended PSI forever as a private bailiff. In this way, he cannot be a lawyer and cannot even act as a lawyer- I.e. this is a system and a complete ruin of the life of the defendant PSI.

Very often such PEAs die after this harassment- PEA Apostolov from Plovdiv, PEA Georgiev from Pazardzhik. The cherry of the cake. The judges of the Supreme Court of Cassation carry out the order of the mafia against the targeted PEA for removal, for deprivation of rights.

9. Conclusion

The specific cases described prove genocide of law, justice, justice and its mafiotization- there is no rule of law in Bulgaria. Both the European Union and the European Commission have been informed about this mafia, but personally the chancellors of Germany Merkel and Scholz, the president of France Macron, and the prime ministers of Great Britain, when the core was part of the European Union, as well as Presidents Obama, Trump, and Joe Biden of the USA. There was no reaction, no compliance with the laws of the European community treaty, which proves the support of this neoliberal neofascist deep mafia in Bulgaria from the USA and from the European Union- and a commission chaired by Barroso, Jean Claude Juncker, Ursula von der Leyen. Apparently the USA and the European Commission and the European Union are interested in this mafia and this lawlessness in the Republic of Bulgaria. Therefore there are amounts submitted for damages caused for over 250 billion Euros. The mafia has a country– Bulgaria!!!!
